### **Eriez® Introduces Two Day Shipping Program for Select Xtreme® Metal Detectors**

Erie, PA—Eriez® announces a new two day shipping program for a variety of standard [Xtreme® Metal Detector Conveyor Systems and sensing heads, Vertical Systems and Liquid Line Systems](#).

The state-of-the-art, competitively-priced metal detectors included in this program come in a range of standard aperture sizes, belt widths and pipe sizes to satisfy customers' specific requirements.

[Eriez Xtreme Metal Detectors](#) are designed to achieve the highest levels of sensitivity to detect small ferrous and nonferrous metal contaminants to protect product purity in diverse applications. All units in this line offer enhanced features, intuitive operation and exceptional performance and reliability.

“We created the Quick Ship 2-Day Program for our most popular Xtreme Metal Detectors to meet customers' most urgent needs due to increased demand, an upcoming audit or other unexpected circumstances requiring added metal detection,” says Ray Spurgeon, Product Manager-Metal Detection. “Our experienced team is there to support our valued customers every step of the way to ensure the entire process is quick and hassle-free.”
